

Addicted to shoes

Do you love shoes?

How much? Circle the hearts.

CNN.com did a story called, "Addicted to shoes." They invited readers to email pictures of their favorite shoes. Many, many people did. There were every kind of shoes: sneakers, sexy high heels, sandals, boots, crazy shoes...everything.

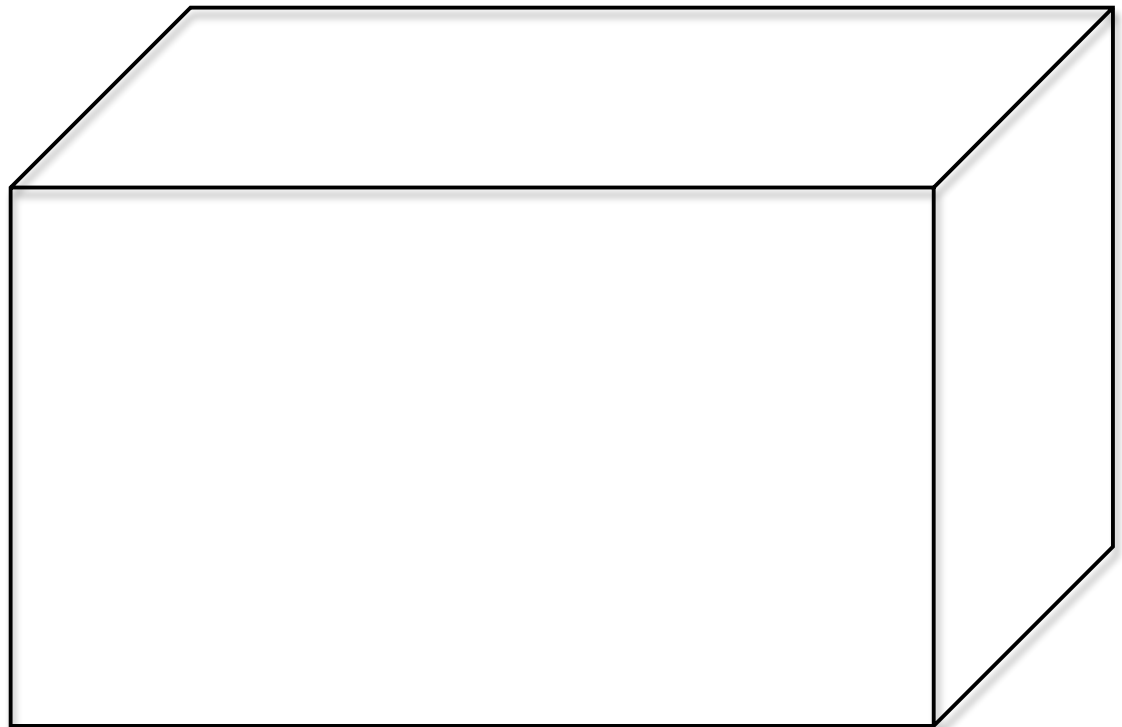

What is your favorite pair of shoes? It can be one you have or one you want.

① **Draw the shoes** (quickly).

As you draw, think. What will you say?

These are my favorite shoes.
They are made from _____ (leather, plastic, cloth, etc.).
They are _____ (color, style, etc.).
I wear them _____ (when).
I bought them at _____ (store's name).
I don't have them but I want to buy them.

② **Work with a partner. Describe your shoes.**
 Did you have an interesting experience with shoes?
 Tell your story.

Task recycling: Change partners. Keep going.
